### (By Associated Press)

Washington, Feb. 13.—An "unalterable" decision in the railroad wage controversy was made today by President Wilson in conference with representatives of the brotherhoods. The President said the government's policy was "based on justice to all interests." The President's decision was not announced at the White House. Officials said it was "a decision containing a proposal." From this it was assumed that the President had refused to grant general wage increases but had made a counter-proposition to the men.

President Wilson today made a proposal to the representatives of the Railroad Brotherhoods for a settlement of their wage demand and the men agreed to consider it. The Brotherhood men would not say what the proposal was. Timothy Shea, acting president of the Brotherhood of Firemen and Engineermen, announcing that they would make no statements today. The White House was expected to issue a statement later in the day. Meantime, there was no indication whether the President had offered a substitute for an increase in wages in the nature of a continuation of the fight, on the high cost of living, on whether he asked the workers to delay pressing their demands until the railroad was returned to the private owners March 1st. H. M. Jewell, President of the Railway Department of the American Federation of Labor, announced that the President's proposal would have to be "put up to the men" before any announcement could be made by the union representatives. Besides Mr. Jewell and

Mr. Shea, J. J. Manion, President of the Order of Railroad Telegraphers was present at the conference. The President met the representatives on the south portico of the White House and read a statement which he had prepared after a study of the report of the wage negotiations presented to him by Director General Eames. The conference lasted about 15 minutes. The President was in his wheelchair. Secretary Tumulty declined to say whether the President had refused specifically the wage demands saying that "everyone wants to settle the strike" and that the Brotherhood chiefs should have an opportunity to consider the President's suggestion or proposal without outside interference. When the railroad men greeted the President they told him he was looking well. "I have just been played," said the President, "that helps a bit." The President's proposal whatever it was, was not expected to stay the strike of the Maintenance of Way employees called for next Tuesday.

Detroit, Mich., Feb. 13.—Any proposal President Wilson might make to representatives of the Railroad Brotherhoods in an effort to adjust their wage demands will receive "earnest consideration" by officers of the United Brotherhood of Maintenance of Way Employees and Shop Laborers, President A. Baker said today. Mr. Baker said he was still hopeful the President's decision would be such as to make possible a withdrawal of the order calling for a strike Feb. 17th of the Brotherhood's more than 300,000 members.

New London, Conn., Feb. 12.—Reports from the Sound steamer Maine, which was swept by ice floes on Execution Rock last night state that the vessel will be a total loss, being broken in two with ice piled 15 feet high over the bow.

## ANOTHER NOTE ON EX-KAISER

### (By Associated Press)

London, Feb. 13.—A new allied note to Holland regarding the extradition of former Emperor William will be despatched tomorrow, according to the Evening Standard today. The note says the newspaper makes a strong appeal to the Dutch government not to create greater difficulties in Europe by insisting on the right of asylum for the man characterized as the author of the world's present troubles. From other sources it was learned this afternoon that the council was engaged in completing the note to Holland. The note was being drawn up in a form to emphasize the concerted flow of the allies that the presence of the former Emperor in Holland was a danger to the peace of Europe. The note does not make any request of Holland but it is hoped that the Dutch government will be drawn into reopening the negotiations which they ended with the refusal to give up the ex-Emperor. It is intimated that Holland has not received a suggestion to this effect and that she might be willing to entertain the former Emperor outside of Europe. A new note to Germany with regard to the allies extradition demands is also being prepared. The council is represented as being in agreement on this document which it is intimated may give Germany an opportunity for further negotiations.

## STEPS TAKEN FOR RETURN OF DEAD

### State and War Departments Expect French Aid.

Washington, Feb. 12.—Steps toward the return of American soldiers dead from France were taken yesterday when Sec. Baker appointed Col. Henry Rogers, head of the American Red Cross, to the position of liaison officer between the War and State departments.

The French Government, in the opinion of the State and War Departments, will be bound by a 1918 agreement to permit the return of the bodies although up to this time disinterment in the battle zone has been refused.

Col. Rogers, assistant to the Secretary of War, will call for France soon to arrange for the return of bodies interred in the battle zone. He also will inspect proposed sites for American fields of honor, where the bodies of soldiers whose names, or the desire for retention overseas will be given a permanent place of rest.

Initiation of steps looking toward carrying out of the agreement will eliminate the necessity for passage by Congress of a resolution directing the return of the bodies. Chairman of the House Foreign Affairs Committee, Mr. Rogers, said yesterday that he expects France, he said, has asked for the appointment of the commission to show she has no desire to refuse the exhibition of our dead.

## U. S. ARMY RECRUITING NOTES

The U. S. Army Recruiting Office which has been located in the Post Office building has moved to its new location at No. 31 Congress street upstairs where information in regard to the new democratic peace this army can be obtained.

There is a big recruiting drive on now which ends March 31, 1920. Try and have Portsmouth at the top of the list as there are twelve hundred of service to choose from within a great many inducements, such as education and vocational training in the new Army. Within the next few months there will have been discharged from the Army thousands of men by reason of expiration of term of enlistment.

The safety of our country in the present state of unrest and both national and international dangers requires that these men be replaced at an early date, to the extent of one hundred and fifty thousand.

In view of this fact an intensive recruiting campaign has been ordered throughout the country beginning January 1st, 1920, and continuing until March 31st, 1920. During the period of this drive all other military activities are held in abeyance.

The Essay Contest

It is the desire of the local newspapers of Portsmouth to stimulate interest in the essay contest and in the saving habits as well as with this purpose in view the three account drunks have been offered as a special treat, within the reach of one pupil in every public and parochial school this city. It is a new thing for the Army to seek aid from school children. Here is the chance for the small boy who has long envied the soldier and the small girl who has shyly admired him to do their part for the army.

Air Service Open for Enlistments

Especially well qualified men for the Air Service can be accepted at the local recruiting station. These men however, must be experts in some line of work connected with the manufacture, repair or running of air machines, men not having the highest possible qualification can be placed upon a waiting list to be accepted when vacancies occur.

Ask the Sergeant at the U. S. A. Recruiting Office.

## COUNCIL HEARING COMES TO A SUDDEN END

Argument Over Legal Status -- Calls a Halt.

(By Associated Press)  
Concord, N. H., Feb. 12.—A hearing before the Governor and Council on the investigation of the death of Dr. William K. Deane at his home in East Jaffrey in 1918, came to an abrupt close today when Governor Bartlett summoned police officers and ordered the election of Attorney Henry Guterman as counsel for the Jaffrey Selectmen. The Governor asserted that he had learned that Guterman was the counsel for a Boston newspaper, against which the Governor has recently brought a suit for libel.

The hearing was called at the request of the Jaffrey Selectmen to consider the advisability of calling a special grand jury to consider the evidence that the authorities had been neglecting in their investigation of the case. Mr. Guterman in opening made what he called a mild bill of particulars against the authorities, and he said that he would not ask that they be reprimanded, but expressed his own opinion that certain officials had been prejudiced in the case.

In a statement afterward Governor Bartlett said that no further hearings will be held unless the Selectmen file a complaint against Attorney General Oscar Young and no charges have been filed tonight.

EIGHTY-EIGHT DIFFERENT MAKES OF CARS

Eighty-eight different makes of passenger cars and 60 truck lines will be the record display in the Boston Auto Show which will open in Mechanics Building and Irvington Street Armory on March 13. There will be 200 different exhibits of accessories showing every kind of a device on the market.

Not since the days when the motor car industry was in its infancy has there been so many new cars or accessories as have blossomed forth for 1920. Most of these new cars will be shown to the New England public for the first time at the Boston Auto Show. The Lincoln, Brewster, Cleveland, Commonwealth, Ford, H. C. S., Malibu, Omaha, Revere, Stevens, Duryea and R. & V. (Kaiser) are the cars that will be new to most folks at the Boston show.

From a trade standpoint it will be the most important show that Boston has ever had. There will be a great influx of factory officials and many of the big captains of industry will come here to size up the selling situation. With so many new things to market, the trade from every nook and corner of New England and the Provinces will come to Boston with the view of taking on an agency for some new thing that is to be offered.

That the greatest crowd that ever attended a Boston show will view the display in Mechanics Building and the Irvington Street Armory, "It will be a record breaker in the motor car sales," says Mr. Campbell. The prospective buyer of motor cars knows that here is going to be a shortage of cars and realizes that he will have a good chance of getting an early delivery of his car provided that he places his order at show time. Again there is a better chance to shop at the Boston show for every type and make of the motorist is interested in will be on display. The

## HOUSTON DOES NOT FEAR A PANIC

(By Associated Press)  
Washington, Feb. 12.—Confident that Europe's monetary problems would be settled satisfactorily soon, Houston, in a review of the international financial conditions today said that this country was constantly furnishing Europe money for their reconstruction and he estimated that over \$1,000,000,000 had been sent to Europe from this country since the Armistice was signed. He said that "the position of the United States treasury was very strong" and that on Monday, the last of the short term loans \$40,000,000 would be returned leaving the country free of short term loans which would have to be repaid. He disagreed with financial experts that a panic was threatened.

## R. R. UNION ASKS REDUCTION IN COST OF LIVING

Unions Confident of Getting Their Wage Increase Demands.

(By Associated Press)  
Washington, Feb. 12.—President Wilson will be asked tomorrow by the spokesman of the more than 2,000,000 railroad employees that definite assurance be made by the government of an immediate reduction on the cost of living, leaders of the railroad men declared tonight. As an ultimatum, the Union representatives will claim an increase wage, on the basis of the increase in living since a year ago. Representatives of the workers base their hopes of getting a higher wage on the large increase of cost of living since they were given their increase in 1918.

Checks for compensation at the increased rate from the date of the original awards are now being distributed by the Bureau of War Risk Insurance.

## BIG CLOSING NIGHT FOR BAZAAR

The benefit bazaar at St. Patrick's school hall for the clergy of devastated France closed on Thursday evening with a crowd that taxed the capacity of the hall. It was a buying crowd and although the committee had stocked the booths heavily for the closing night, there was nothing unsold when the doors were closed.

The fair has been a wonderful success and the financial returns will be very gratifying to the committee, as there has been virtually no expense connected with the bazaar. The sum from the fair added to what has been received from the other entertainments in this same good cause, will make a very fine donation from this parish.

The entertainment given each evening by the children of the St. Patrick's school has been a feature of the fair every night. They were supervised by the Sisters and were very fine.

## SATURDAY, FEB'RY 14 THE LAST DAY OF THE United Shoe Stores Co. 8 DAY DRIVE

It is a handicap and a big handicap for a concern with genuine drastic price reductions to meet the public's well founded suspicion of the average sale.

You have been attracted, as all of us have been, by highly worded advertisements promising you much, and you have gone bent upon patronizing this sale only to find that the promised price reduction did not exist. This has naturally made you suspicious of everything that flavored of a sale. It is therefore our problem in the present 8-day drive at this store to convince you that our prices are genuine drastic honest reductions.

Probably no better or more convincing proof of the genuineness of this sale can be seen by the record of the present drive. Despite every possible disadvantage due to bad traveling and unfavorable weather it has been the biggest six days of business that we have ever enjoyed. Over 900 sales have been recorded in these six days, proving undisputedly that these prices were genuine cut price reductions to receive such hearty support from the buying public.

Tomorrow, Saturday, is the last day of this drive. Every item in this sale is withdrawn after this day. It should and unquestionably will be the biggest day in the history of this store. The quality of the goods offered and the prices quoted will command the attention of every thrifty person in this community. We again suggest that you do your buying as early in the day as possible that you may avoid the difficulties in the crowds that are sure to occur later in the day.

# CITY TO HAVE A LIQUOR AGENCY

## Council at Special Session Vote For Agency at Request of Physicians

The Mayor and City Council at a special meeting on Thursday evening, voted to establish a liquor agency, and asked the druggist to apply for permits to hold an agency under the act of 1919 New Hampshire session laws.

The Council acted upon the request of the local physicians who have suggested to the Council that owing to the great many cases of influenza that there is need of a liquor agency in this city. Mayor Hishop before the Council took action last evening called Rev. Mr. Lewis the New Hampshire prohibition enforcement officer on the telephone and he said that it would be necessary for the city to vote to establish an agency and then to have the druggist

apply for a permit which must be granted by the Council.

The resolution was offered by Councilman Eastman who said that in his opinion there was need of an agency here and seconded by Councilman Matthews who said that it was the request of the physicians and passed without opposition.

Mayor Hishop presided at the meeting and there were present councilmen Dean, Payne, Eastman, Brown, Matthews and Cox.

A resolution authorizing the Mayor to sign the deeds of the property sold last summer for the central fire station, was passed. It appeared that this was unintentionally omitted at the time that the sale was made by vote of the Council.

## BIG RUSH AT VETERANS ADVANCE SALE

The advance sale for the Allied Veterans minstrel show on Monday and Tuesday of next week, went on sale at the Portsmouth theatre box on Thursday afternoon and there was a long line in waiting and there was a very big demand for tickets. The show is to be especially good and it is predicted that the house will be sold out both nights.

A rehearsal was held on Thursday evening at the Y. M. C. A. hall and the

dress rehearsal will be held on Sunday at the Portsmouth theatre.

Mr. Zangari, director of the music, had the full orchestra of 16 pieces at the rehearsal last evening and it did not go very well.

The Allied Veterans are working hard to have their show a big success and it not only will be attended by local people but many from the nearby towns are buying tickets. The proceeds for the minstrel shows will be used to remodel the old court house.

## NEWPORT TEAM A WHIRLWIND IN ACTION

The basketball fans are looking for the fastest game of the season on Saturday evening when the famous Flo Harvey team of Newport will play here. This team played the Dunker 1111 team at Boston on Thursday evening and defeated them 23 to 23.

They will come here on Saturday after a lay off of one night. Harvey is one of the best known of the old professional players, the manager of the famous Newport reserve team which played here some years ago. He has a hard team to beat, all professionals who have been in the game a long time.

Manager Cragen of the locals will have in his line-up Costello and Grant at guards, Hicks center, Silva, Schumacher and Walle at forwards and Dinger and P. Hicks in reserve for guards.

Cragen was unable to secure Murphy of Sharon, who decided that he could not get back home before Monday. On the recommendation of Costello he has signed Grant a guard on the West End K. C. a very fast man and considered one of the best in the entire league. Grant shoots his baskets with one hand like Tobey Matthews the old-time New England player, and he is a good reliable player. Costello and Silva have been making a trip down that Maine with the West End K. C. but they will be here in time for the game.

## LOOKING THEM OVER WITH THE SPORT FAN

Stanislaus Zbyzsko, famed Polish grappler, will wrestle at Manchester when he makes his New England tour soon after his arrival in this country. The elder Zbyzsko is now on his way from Poland where he has been since the opening of the world war. The Manchester promoters have received word from Zbyzsko's manager, Jack Herman of Chicago, that he had accepted the terms offered for the appearance of the pole to meet any opponent.

In Princeton, 201 1-2, the long pin trotter of the past two years, has been retired by Walter Cox with the credit of winning more heats in 205 or better, than any other trotter in history. His total is 24, all but two of them in races.

The Almon R. Plimree Post of the American Legion defeated the Amherst Post 18 to 15, in a fast game at Exeter last night.

Speaking of the Nelson-Robinson bout at Manchester Wednesday evening, the Manchester Union has the following: "Affairs like that of Wednesday evening do not help the cause of the boxing game. It was a successful exhibition from beginning to end, and its climax was a most disgraceful one. The remedy for such affairs is proper matchmaking. Had the Athes club secured a better of the aggressive fighting type to oppose Robinson there is no question but what a good contest would have been the result."

The Gardner, Me., Driving club is to hold a big carnival Feb. 21 and it is expected that horses and horsemen will be attracted from all over the state. Besides the free-for-all, the club has opened its regular three classes to any horse that has been started twice in any other club races in the state, on being certified by the secretary of the club.

The basketball fans will be pleased to learn that Referee Jack Timmons will be back on the job Saturday night. Jack has been confined to his home for a week or more with a severe attack of the grippe and the news that he will settle all arguments in the game between Portsmouth and Flo Harvey's Newport bunch will be received with satisfaction by all.

Ed J. Thompson, one of the greatest athletes ever at Dartmouth, will not be eligible to represent the U. S. in the coming Olympics. The Green after he had been elected as such cannot represent the country. His points will be given to Great Britain, points of the British representative, lives before, in the night. This information comes as a big surprise to his many followers. It was generally believed that Eddie was an American athlete, although it was known he came with the British Royal Flying Corps during the war.

## "CUDDY" MURPHY SIGNS WITH RED SOX

Boston, Feb. 12.—Joseph "Cuddy" Murphy of Dartmouth, today signed to pitch next season with the Boston Americans.

## WHO WILL TAKE TITLE FROM JOE STECHER

It now looks as though Joe Stecher, having elicited the satisfaction of everyone concerned the heavyweight wrestling championship of the world, probably will retain the title for some time to come. Jack Caddock, the boxer once held by Frank Gish cannot be disputed. Though Eddie Caddock was beaten by Stecher recently, the long champion youth from Aniba, Ill., still looks up as Joe's most formidable rival, which is the tip-off on the final situation at present. However, this possibility that Caddock ever will be able to hold his own with the Nebraska farmer boy is slim indeed.

He is a wonderful wrestler one of the most versatile ever to appear in New York city, but he is too small and much too light to be considered dangerous to Stecher at this time. The Caddock once defeated Stecher but that was two years ago when Earl was already an accomplished grappler and Joe just a raw-boned kid, with nothing but a pair of powerful legs and a hazy knowledge of wrestling. Today, Caddock still is a fast and clever grappler, but Stecher has improved so rapidly that he very nearly outclasses him. To a majority of those who were at the ringside at Madison Square Garden in New York last week it seemed as though Stecher could have put the question on Caddock much more quickly than he did.

Strangler Ed Lewis makes next to Caddock in the opinion of most students of the game, but he has little to recommend him but the headlock, which is well nigh useless when employed against Stecher. Joe is equipped by nature to successfully combat the headlock. His head is rather small and so moulded that it is practically impossible for Lewis skilled as he is in the use of this punishing grip to firmly clamp it in the crook of his powerful left arm. Lewis, who is very much of an in and out gave Stecher a hard time in the Garden some few months ago, but eventually succumbed to the body scissors. The Strangler is anxious to meet Joe again in the near future, but there is small room for doubt as to the relative merit of the pair.

Whalek Zbyzsko, the hulking Pole, also sustained a recent defeat at the hands of Stecher and is, out of the running at least for the time being. Zbyzsko, possibly the strongest of all the big fellows, is reckoned one of the world's leading grapplers. Stanislaus Zbyzsko, who is scheduled to reach this country soon, must be very close to forty years of age now and is not likely to make very much of a stir in wrestling circles this time. When Stanislaus was in his prime he was reckoned one of the very best in the game.

One of those now claiming for a match with Stecher is Jim London, lot of the Greeks and supposedly the champion of that land of ancient glory. London has come to the front rapidly of late and his work in the recent match with William Demetrius stunned him as a rugged, powerful youngster and one who is game to the core. He apparently is too small to cause Stecher very much trouble, but he does not lack for adherents and his claims to a match with the champion are not to be lightly regarded.

## ODD FELLOWS MAKE BIG SUCCESS OF FAIR

The Osgood Lodge No. 48 I. O. O. F., closed their big bazaar on Thursday evening. In a blaze of glory, and at the same time scored one of the biggest successes for many years in this line of entertainment. It was a success in every way, financially for the organization has made a good sum for their building fund. In attendance because all four nights the halls have been crowded and socially for the Odd Fellows put up a fair that gave the people a big return for their money, with music and entertainment that was all that could be desired.

Thursday night the closing night saw the attendance the greatest of the week and it was necessary to start dancing early to take care of the crowd in the upper hall. The Dutch village with all of its 3000 lights ablaze was very pretty. The booths were all busy for while it was the closing night the stakes had all been replenished and every booth was well filled. The sales were heavy, and when the lights were turned out there was nothing but the booths left all of the goods had been sold.

The drawings were all made during the evening and the fair closed with a dance in which everybody, except the hustling committee, who were too tired to dance, took part. The Osgood Lodge have had many big successes in their long career, but none of them of greater magnitude than the carnival.

The funds will be used for the redecoration of the interior of National Block, which they recently purchased.

Albatross have been killed measuring 17 1-2 feet from wing tip to wing tip.

(By Associated Press)

Appointment of a Naval Court of Inquiry to investigate the record of more than 2000 men returned to the service by the Portsmouth Naval prison thru the recommendation of Lt. Com. Thomas Mott Osborne, and an investigation into the effect of this policy on the general morale of the navy, has been requested by Captain Joseph R. Taussig, U. S. N., of the Naval War College of Newport.

Captain Taussig's request for a court of inquiry was made to the Judge Advocate General as the result of Asst. Secretary of Navy Roosevelt's contradiction of recent charges made by Captain Taussig in an open letter to a Service journal, that the effect of returning these men had been detrimental to both the discipline and efficiency of the navy.

Asst. Secretary Roosevelt in denying the charges declared that the records showed that more than 70 per cent had made good. The Navy Department has not yet acted upon the request of Captain Taussig.

The special Senate Committee, investigating the Portsmouth Naval Prison situation concluded its work today. Asst. Secretary Roosevelt, Captain Belch, Rear Admiral Niblack and others were heard in executive session and chairman. Until the conclusion said that the committee would prepare its report and submit it to the senate immediately.

Washington, Feb. 12.—No further hearings in the investigation of naval decorations is contemplated by the Senate committee of inquiry, Chairman Hale said yesterday. The committee is now considering the evidence he added, and its report probably will be made public in two weeks.

The committee's investigation into charges made by Rear Admiral Sims that the navy failed to fully cooperate with the allies during the war, will not begin until after March 1, Senator Hale said.

### ST. JOHN'S CONSECRATION ANNIVERSARY

The service of consecration of St. John's Episcopal church in this city took place on February 16, 1843, the Bishop of the diocese of New Hampshire officiating at this ceremony. When the building of the church was completed in 1808, there were no Bishops available and the rector of the Episcopal church at Newburyport, Mass., came here to hold dedicatory exercises for the church. The beautiful mural decorations of this edifice, which will need restoration again

within a few years, were last painted just previous to the consecration service in 1818. The anniversary of this event will be observed next Monday. The new in this church in which Levi Woodbury, Governor of New Hampshire in 1823 and 1824, worshipped, is marked by an inscription on a brass plate. Similarly the new is marked which was occupied by Daniel Webster when he was practicing law in this city and at the time of his election to Congress in 1812.

Don't miss hearing Willworth's orchestra at P. A. C. hall Friday night. A musical treat for lovers of music and dancing.
